## HEALTH SOLUTIONS

## Eric Hanserd

Consultant/ Operations Manager

---

Eric joined Hanserd Health Solutions in 2021 and brings over 20 years of financial services experience improving operations, sales, and client experience. His work has improved cycle times and led to service scores and financials that surpassed performance targets and prior records.

At Hanserd Health Solutions, Eric applies his service focus, financial and process improvement expertise to ensure smooth service delivery and improved health for individuals, families, and communities. Whether analyzing operational data, financials, or business processes, Eric is skilled at engaging teams with his practical problem-solving skills and strategic vision.

When problem solving ideal service design, Eric makes sure to think through financial impacts and sustainability.

Born and raised in San Francisco, Eric's early leadership skills were honed while attending and working for the YMCA. He subsequently studied accounting and business administration at San Francisco State University.

Outside of work, you might find him DJing a party, cheering on his beloved 49ers, or enjoying quality time with his family.
